

# ACHEN-GARDNER CONSTRUCTION

AUGUST 2023 NEWSLETTER

## NOT SO CRUEL SUMMER

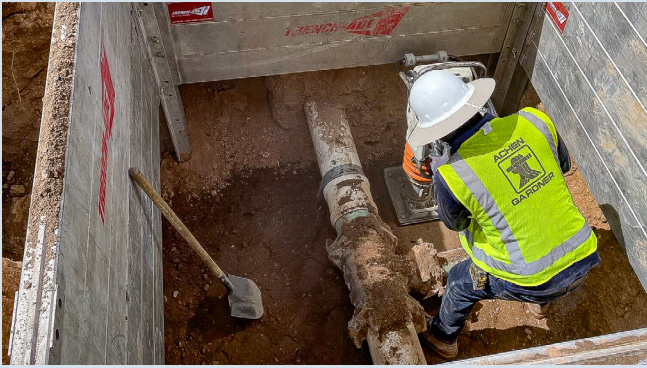

Even though we've had record-breaking heat, we've made a lot of great progress on our **Gainey Village Casitas Waterline Replacement CMAR** project. We are installing more than 5,000 LF of new 6"- 8" DIP water main in Gainey Village and are expecting to reach project completion by October 2023. Our crews prioritize keeping a clean workspace and communicating with residents. We make sure they can access their homes and we help with any special needs they may have. Thank you to the residents of Gainey Village who have brought us drinks to stay cool and delicious treats to enjoy. [Visit our website for more project information.](#)

## New Curb Machine

We are excited to use our new Power Curber 5700-D Curb & Gutter Machine, which is a "One-Machine Solution" that can easily handle curb and gutter work, highway safety barriers, irrigation ditches, sidewalks, and other special applications. We have placed 2,100 LF of curb and gutter and vertical curb at our **Raintree Drive Extension CMAR** project using our new Power Curber and are enthusiastic about using it on more projects. [Visit our website for more project information.](#)

## Out With the Old

### Pimara On-Call Partnership for Construction Services

Our crews recently removed a failing concrete saddle on an existing 8” sewer line that is currently servicing the Lonely Cactus community for Salt River Pima-Maricopa Indian Community. Once the saddle and existing tee connection was removed, we installed a new manhole to provide access to the area. [Visit our website for more project information.](#)

## Hydro Excavation Truck

Achen-Gardner was excited to work with Balar Equipment to inspect our new Hydro Excavation Truck at the Vac-Con factory. We look forward to adding this awesome machine to our fleet of hydro excavation trucks.

## NEW PROJECT

We were recently selected to provide pre-construction and construction services for **Infrastructure Improvements - Smith Road, Apache Boulevard to University Drive CMAR project for the City of Tempe**. We look forward to working on this exciting project.

## WAY TO GO, ARIC!

**CHST** Construction Health and Safety Technician®

Congratulations to our Safety Manager, Aric Smith, for becoming a Certified Health and Safety Technician. Aric’s certification proves his commitment to providing a safe workplace for all our employee-owners and will bring an increased level of health and safety awareness to Achen-Gardner’s operations.

## We Moved!

We’re excited to share that Achen-Gardner Construction has a new Chandler office for our employee-owners to call home. You can now find us at **2195 W. Chandler Boulevard, Suite 200, Chandler, AZ 85224**.
