AZ APWA CONFERENCE WRAP UP

It was great seeing all our friends and partners at the AZ APWA Statewide Conference last week at the Hilton El Conquistador Tucson. Thank you to all of the attendees who visited our booth, spun our prize wheel, and won some of our fun swag. [Visit our website for more conference photos and information.](#)

In addition to the excitement in the exhibit hall, we also won three APWA Project of the Year Awards:

We are installing approximately 26,000 LF of 4" to 12" waterlines, 119 valves, 379 water service connections, and 58 new fire hydrants. This work is being done in several residential areas, on Scottsdale Road, and on a golf course. We are coordinating with businesses, HOAs, and residents in the community to maintain access and minimize disruptions. [Visit our website for more project information.](#)

Clearing the Way

We recently made some improvements in front of a business adjacent to our Raintree Drive Extension CMAR project. The work included clear and grub, excavation and grading of a new trapezoidal drainage channel, and lining the channel with 6" of fiber-reinforced shotcrete. [Visit our website for more project information.](#)

Our Safety Manager, Aric Smith, facilitated the AZUCA Virtual Safety Roundtable: 811 Laws on Wednesday, July 19. This was an impromptu meeting of safety professionals in the industry that had a casual roundtable discussing Arizona811.
